

# DAHLE CleanTEC® document shredders

**DAHLE CleanTEC®- filter system for reducing fine dust**

**Clearly illustrated multifunctional control panel for ease of use.**

**Whisper quiet ensures almost silent running.**

**Powerful sheet capacity up to 29 sheets**

**High waste volume up to 100 litres.**

**Mounted on lockable castors for easy mobility.**

## Dahle document shredders 41-series

With the unique DAHLE CleanTEC® filter system for reducing fine dust  
 • integrated oil reservoir • constant measurement of paper volume  
 • automatic acoustic switch-off function • extremely quiet

Stylish high-quality wooden cabinet, unbreakable plastic top cover. Comfortable and safe to transport with lockable castors. Multifunctional control panel with illuminated symbols. User-friendly electronics with light sensor for automatic start/stop, automatic reverse function. Motor cuts out automatically when waste bag is full or door is open. Powerful motor for high performance and longer operating times. Energy-saving through high mode. Cutters made of high-grade special steel and cope with paper clips and staples. Includes 10 waste bags.

## DAHLE CleanTEC®

**Unique**  
 The innovative DAHLE CleanTEC® filter system for reducing fine dust. Paper particle emissions caused by paper shredders are reduced by up to 94 %.

**Eco-friendly**  
 The filter consists of special 3-ply non-woven material that is completely recyclable.

## DAHLE Safe Technology

**More supervision**  
 Constant measurement of paper volume for an uninterrupted workflow.

**More safety**  
 Automatic acoustic switch-off function for immediately stopping the motor.

**More convenience**  
 Integrated oil reservoir for regulating cutter lubrication automatically.
